What are Family Preservation (Westmoreland In-Home Services?)

The primary goals of the Adelphoi's Family Preservation program is to:

- Preserve the family unit
- Strengthen the family by focusing on their unique risk and protective factors
- Decrease at-risk and delinquent behaviors
- Reduce the dependence and continued reliance on social services

Each family member participates in utilizing strategies that are particular to its individual needs.

Referral and Admission

All families must be referred through a county Children and Youth Agency or Juvenile Probation department. The referral process begins with a completed contract from the county or a telephone call to Adelphoi Village's Community Based Supervisor or Program Director. Information will be ascertained as to the family's specific needs. Children or youth referred may already be residing in the home or transitioning back to the home setting.

The Family Preservation program can assist youth and families with:
