

Foster Care-Kinship - Adopt

Admissions update

Effective March 29, Foster Care will accept new clients and Kinship referrals.

Foster Care clients will be screened at the time of referral, and accepted only if they are without a fever, cough, or other symptoms related to COVID19.

We have identified Foster Homes that are willing to accept new children/youth into their home during this difficult time. New admissions will be placed into foster homes who have agreed to accept new clients.

Please be aware our caseworkers are working remotely. Sessions, assessments and visits during this time are all conducted with statewide approved platforms of telecommunication.

SWAN referrals will continue to be accepted.

Foster Care and Adopt Referrals should be made to the following Supervisors:

Southwestern Pa.(Westmoreland, Washington, Fayette, Greene area)
