Family Reunification Services

Family Reunification Services offers brief, intensive, family-focused reunification services to families who have children placed in foster care. A partnership is developed with the family, community, and human service agencies in supporting the family and their steps in planning for safe reunification of their child(ren) to their home.

About Family Reunification

Family Reunification will provide services, while supporting the efforts of Greene County MH/DS providers, Drug and Alcohol, Housing providers, and other involved services in a shared plan of family reunification. Strengths of the family are incorporated into each plan. These shared plans will assist in the completion of county CYS/JPO family service plans.

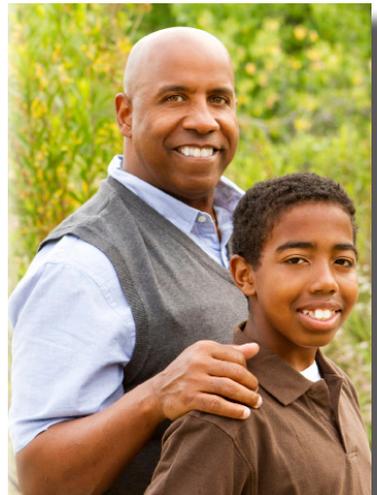

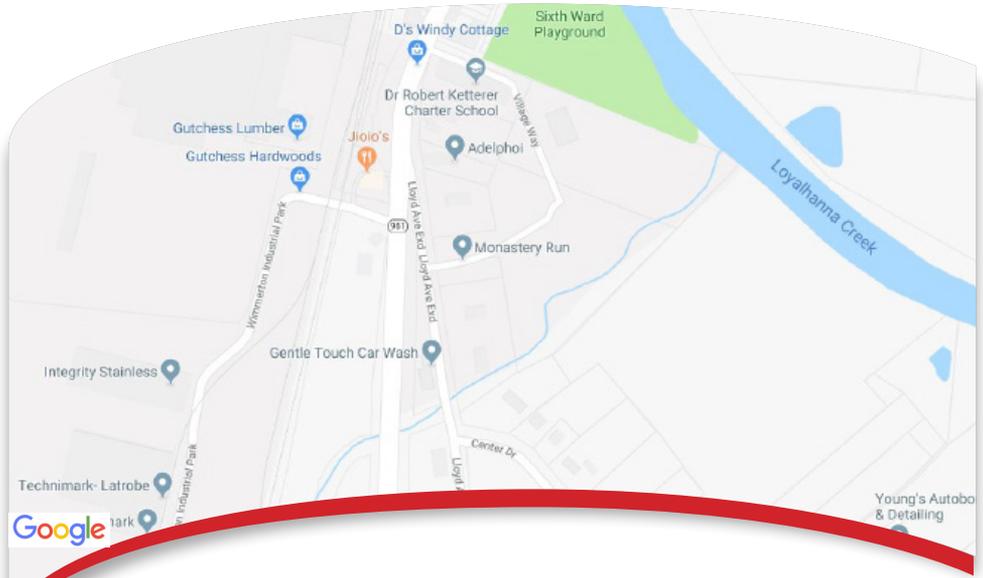

Admission Requirements

All families must be referred through Greene County Children and Youth Services. The referral process begins with a contact from the county or a telephone call to Adelphoi Village's Family Reunification Supervisor. Information will be ascertained as to the family's specific needs.

Program Specifics

- The Community Counselor teams with the family to increase parenting and problem-solving skills, targeting risk factors that led to placement of the child(ren) in foster care. The overall goal of this program is to reduce the amount of time children spend in foster care, increase the stability of families for reunification, reduce re-entry rates into foster care, and enhance the working relationship between agencies and service providers to support families.
- Support and counseling is provided to the primary caregiver of the child in order to facilitate reunification of the child(ren) safely and timely. Strengthening protective factors include parental resilience, social connections, parenting and child development, basic need support, and enhancing the child's social and emotional development.
- Once the child(ren) are returned home, the community counselor continues working with the family for up to three months to assist with the transition and ensure resources are available to them.
- The Community Counselor also works to engage extended family members and informal supports, strengthening the sustainability of reunification for the family.

About Adelphoi

Adelphoi is a non-profit organization dedicated to providing a continuum of quality services to children, youth, and families. Headquartered in Latrobe, PA, Adelphoi has programs in 30 counties, serving nearly 1,000 youth and families on a daily basis and over 2,500 children annually. Adelphoi's vast continuum of care includes group homes, a Charter School, foster and adoption services, education programs, mental health services, after-school programs, in-home services, shelter care, multisystemic therapy, and secure care.

Adelphoi has over 700 employees and assists persons and communities in need from over 60 counties throughout the Commonwealth, as well as from Ohio and Delaware. Adelphoi's mission is to serve communities of need through exemplary and affordable human service programs for children, youth, and families.
