

# PREA Annual Report 2020

## GENERAL INFORMATION

During 2020, there were a total of 338 new residential youth\* which was a decrease from 398 in 2019. Of the new admissions in 2020, 93 were female and 245 were male. The average daily residential population was 266 clients, a decrease from 285 clients in 2019. Adelphoi Village became compliant with the PREA regulations on July 18, 2014. The agency continues to revise and implement all aspects of the PREA regulations.

## AUDITS CONDUCTED

Five PREA re-audits were completed for eleven Adelphoi Village units in calendar year 2020 by two PREA certified auditors.

## REVIEW

Adelphoi Village continues to implement all PREA regulations in coordination with best practices to address allegations of sexual abuse and sexual harassment. Leadership is devoted to ensuring and monitoring the compliance for residents and staff. The corrective actions completed during this reporting period include administrative monitoring of unannounced rounds across the agency, ensuring proper and full documentation of vulnerability assessments and client education, and contract training and clearances.

## DATA

All allegations of sexual abuse and harassment are reported to either ChildLine or PA State Police (or local Police depending on the unit location) or both agencies depending on the allegation. Adelphoi Village reviews and conducts sexual abuse incident reviews for all reported sexual abuse and harassment investigations. The reviewers are a multidisciplinary team with members of upper management in clinical, administrative, facilities, human resources and medical departments.

## ASSESSMENT OF PROGRESS

Working with the Electronic Health Record Department (EHR), the leadership team is able to abstract data related to the vulnerability assessments completed for each youth. The PREA Coordinator is working to ensure assessments are accurate and reflect prior assessment information.

Please contact the PREA Coordinator with any questions related to this report.
