In-Home Prevention, Treatment and Aftercare Progam

Prevention, Treatment, and Aftercare Program

Prevention, Treatment and Aftercare supports youth and families based on the referral reason and treatment goals. We work with adjudicated delinquent youth or those with an open Children and Youth Services case. The program coordinates tailored services to meet individual needs, ensuring continuity of care throughout.

Key Services

- Preventative/post-placement care for youth with sexual or delinquency issues
- Trauma services
- Family preservation (truancy, employment, housing, budgeting)

Staffing

Our team includes experienced master's-level therapists and qualified caseworkers.

Assessment

Each client undergoes a comprehensive assessment, including tools like CANS, FAST, ABEL, and trauma screens to guide treatment planning.

Interventions

We offer evidence-based practices such as Aggression Replacement Therapy®, Motivational Interviewing, and Trauma-focused CBT to support positive outcomes.

Preventative or Post-Placement Care

Our services focus on individualized family counseling and mentorship, with therapists or caseworkers meeting families twice a week. Areas addressed may include independent living, job skills, academic support, family counseling, anger management, and transition planning.

For clients transitioning from placement, counselors focus on supporting and updating the aftercare plan as needed.

Specialized Care for Youth with Sexual Issues

This service provides specialized counseling and education twice weekly for youth involved in sexual offenses or at-risk behaviors. The program emphasizes sexual boundaries, laws, and family counseling, involving both the youth and their caregivers.

1,500
kids served daily

3,378
youth served annually

64
counties in PA refer youth

750
employees

468
youth received community-based services in 2025

80%
kids remain out-of-care for at least 1 year

Trauma Care

This in-home service provides structured, curriculum-based trauma therapy to help youth cope with trauma symptoms and prevent placement. Therapists conduct twice-weekly sessions with both the youth and family.

Family Preservation

Family Preservation supports families to prevent child removal or further court intervention. Focus areas include truancy, employment, housing, and budgeting. A caseworker provides weekly support and monitoring based on a tailored family service plan.

Admissions/Intake Requirements

Youth ages 10-20 that reside with a family member, foster parent or are in an independent living arrangement.
