Adelphoi
Education Services

Partial Programs

Adelphoi Education provides a collaborative and therapeutic setting where students are empowered to succeed both in school and in life. The Partial Programs at Adelphoi Education offer structured mental health treatment and educational support for children and adolescents who require more intensive care than traditional outpatient services. Available year-round, the partial programs allow students to stay in their homes and communities while receiving comprehensive, integrated care in a nurturing school environment.

Benefits of Partial Program Services at Adelphoi Education

Scan to Make a Referral

- Integrates education and mental health treatment
- Offers on-site psychiatric care and medication management
- Treatment planning is child- and family-centered
- Measurement-based care uses evidence-based assessments
- Incorporates strength-based emotional and behavioral interventions
- Aftercare planning is ongoing to support successful discharge
