Intensive Supervision - Complex Case

Adelphoi's Intensive Supervision - Complex Case group home offers intensive counseling, therapy, and treatment for youth with multi-system involvement and a history of out-of-home placements.

The program focuses on providing education and and support for a mental health diagnosis while allowing youth to take responsibility for their daily actions, develop and practice coping skills, and develop general life skills.

The group home provides 24-hour supervision with a 1:3 staff ratio. Youth receive a comprehensive battery of assessments including psychiatric and psychological evaluations, to develop personalized treatment plans, and family involvement is encouraged with financial assistance available for visits.

Education

Educational programming for youth in each group home will be determined pursuant to Section 1306 of the Public School Code (24 P.S. §13-1306) which states that ... children who are residents of such homes, but not legal residents in such district (shall be permitted) to attend the public schools in said district.

An educational team will include membership from the host school district, Ketterer Charter School or Adelphoi Education, parents or guardians, and teachers from the host school district and the charter school.

An academic plan is tailored to each student's abilities and educational goals.
