Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review

The Prison Rape Elimination Act (PREA) Audit of Colony Home was conducted on July 16, 17, 18, 2018 by Maureen G. Raquet, Raquet Justice Consultants LLC, a Department of Justice Certified PREA Auditor for Juvenile Facilities. This Audit was conducted as part of two facility Audits of the same agency, Adelphoi Village, during the same time period. Three other facility Audits were conducted three weeks prior to these Audits. Colony Home was initially audited during the first PREA cycle in June 2015 and was found to be in full compliance on July 28, 2015. This Audit, conducted on July 16,17,18, 2018 is a re-audit of the facility conducted during the second year of the second PREA three year cycle.

Notice of the Audit was posted on June 6, 2018 and I received an email with pictures of the posting, in both Spanish and English, in the living and common areas on this date. The facility was requested to keep these notices posted during this six week period and they were still posted in all areas during the tour on July 16, 2018. There have been no communications received as a result of this posting in the Auditor's Post Office box. On 6-6-18, I received a flash drive with the completed Pre-Audit Questionnaire and requested important documentation. During this six week period, through emails and phone calls with the PREA Coordinator and the Quality Assurance Caseworker, the uploaded information and important documentation was discussed and clarified. The agenda for the onsite portion of the Audit was emailed to the PREA Coordinator on 7-5-18. The onsite portion of the Audit commenced with a brief entrance interview with the PREA Coordinator and the Compliance Caseworker. It should be noted that three weeks prior to this, during another Audit of three other Adelphoi facilities, the Adelphoi COO, Vice President of Residential Services and two Program Directors were present for an Audit entrance meeting at which time the expectations for the Audit and the timeline were reviewed. The COO discussed the physical changes/improvements to the main campus. During the subsequent meeting in July, the rosters of staff and the resident population were reviewed. The agenda and timeline for these Audits were also discussed.

The tour of the facility was conducted by the Colony Program Director on July 16, 2018. The Program Supervisor/PREA Manager was on vacation and his interviews were conducted by telephone prior to the onsite portion of the Audit. During the tour, I saw postings for the upcoming Audit in both Spanish and English in every common area that the residents have access to. In addition, there were posters in both Spanish and English in all areas, except the visiting area, describing PREA, describing Sexual Abuse and providing reporting information for the Blackburn Center. These posters are permanent and preserved behind plexi-glass on the walls. The Spanish and English PREA Reporting Posters were posted in the living room and basement visiting areas before the end of the onsite and verified by the Auditor.

While on the tour, I saw the "PREA Hotline" that is available on any phone through a speed dial button and that is a hotline to the Blackburn Center. There are directions posted and a programmed button that goes directly to Blackburn. The contact information is also taped to the inside of the phone receiver. I requested a volunteer and a resident told me how she would ask to use the phone, took me into a small alcove with a phone and desk on the first floor, and then pressed the button for Blackburn. She handed the phone to me and it went directly to the Hotline. During the pre-Audit time period, I contacted the Blackburn Center (a member of the Pennsylvania Coalition Against Rape, PCAR) and spoke to the Director. The Director confirmed both the reporting capability and all other services in the MOU provided to me, including crisis intervention and providing a victim advocate for the residents. She also stated that, although there have been allegations of sexual abuse at Adelphoi facilities in the past 12 months, policies and procedures were followed. She was unaware of any ongoing issues at Colony Home.

There were no allegations of staff on resident sexual abuse or sexual harassment. There was one unsubstantiated allegation of resident on resident sexual harassment at Colony during the past 12 months. In this case, the files and reports were provided to me. The reporting protocol was followed and documented.

Residents were not in school during the onsite portion of the Audit, because the regular school year had ended. Residents at Colony do not attend summer school. During the school year, the residents attend school at an Adelphoi Alternative School, the Robert Ketterer Charter School, on the Main Campus about 5 minutes away. During the tour, the residents were in the living/dining room in a group. They were seated at 4 person tables, playing cards, coloring and writing. The awake ratio required by the Pa. Department of Human Services and by the PREA Standards is 1 staff to 8 residents. There were 12 residents in the population and two staff with them in the dining area. During the day, I saw all 12 residents in the cafeteria at the school, with the other girls' group homes eating lunch. The required ratio was exceeded. There are always two staff on midnight, although the facility does not exceed 14 residents.

The residents in the dining room stated they had received PREA education and knew how to report. As mentioned above, one resident volunteered to demonstrate the Hotline. I spoke to staff persons who received training and they told me that Administration conducts unannounced rounds on a regular basis. There are no cameras in the facility, so therefore there are no recordings of unannounced rounds, however I saw the unannounced round log during the Audit.

All Colony residents receive physicals from a community provider, Primary Health Network, at a building on the Adelphoi campus, owned by Adelphoi, but leased by PHN. Patients from the community receive health services at this clinic. While on a tour of this building, during the earlier Audit, three weeks before, there were patients from the community as well as Adelphoi residents in the waiting room. During that tour, I saw private offices with locked file cabinets that contain charts and notes. Colony residents are transported by staff to all Medical and Mental Health appointments.

I also toured the Charter School on the main campus and the vo-tech. In these areas, I candidly interviewed two school receptionists and two summer school teachers, all who stated they received PREA education. I also spoke to 5 cafeteria workers who all could tell me what PREA was and that they received education. During the tour of the vo-tech building, three boys who were detailing a car, could tell me about PREA and the Blackburn Center. They were Adelphoi main campus residents and not part of this Audit.

Directly after the tour of the facility and for the two subsequent days, staff and residents were interviewed in a private room at the Administration Building on the Adelphoi Main Campus. The following residents and staff were interviewed:

Ten random residents

Eleven staff including one telephone interview

Admissions' staff who conducts Intake education

The Caseworker who administers the Risk Assessment

Program Supervisor/PREA Manager who conducts unannounced rounds, and monitors retaliation (by telephone one week prior to onsite Audit)

Program Director who conducts unannounced rounds

Mental Health Therapist who does Assessments

Nurse

Teacher from the Charter School

Three weeks prior to this Audit, the following Agency staff were interviewed:

Chief Operations Officer

Vice President of Residential Services

PREA Coordinator

Quality Assurance Caseworker who is a member of the Sexual Abuse Incident Review Team

Human Resources Director

Two Mental Health Therapists (one a PHN contractor, one an Adelphoi employee)

Two Contractors (by telephone)

Four residents as part of the plan of corrective action by telephone

Staff are both male and female and are full time and work rotating first and second shifts with rotating days off. Third Shift staff work permanent midnights with rotating days off. Agency “fill-in” staff can be utilized to fill staff vacancies to meet ratio. A roster of the 13 Colony staff was provided to me including the Caseworker and Program Supervisor. The Program Supervisor and one staff, who was on vacation, were interviewed by phone. Only one staff person, who was on long term medical leave and was not available, was not interviewed. These interviews represent 92% of all Colony staff and 100% of all available staff. There are no Medical or Mental Health staff at Colony. There are no Unions or bargaining units at Adelphoi Village.

I was given a census of all 12 facility residents. This included all residents that identified as LGBTI, who disclosed a prior sexual abuse, who were disabled or non-English speaking. Of the 12 total residents, 10 were interviewed. That represents 83% of the total population on the days of the Audit. There were four (4) LGBTI residents in the population and all four were interviewed. There were no disabled or non-English proficient residents. There were five (5) residents who disclosed a prior victimization and all five were interviewed. There were no residents who reported sexual abuse while at the facility. There were no residents identified as sexually aggressive.

I reviewed the files of eight (8) staff for required documentation including five hired within the past 12 months; there were no promotions during this time. I was looking for Pa. Child Abuse Clearances, Criminal History Checks and FBI clearances as well as documentation of PREA training and refreshers. All staff files had the required checks and documentation of education. Three staff had clearances conducted every two years as required by the Adelphoi Village HR policy.

I reviewed the files of 12 residents (10 active and two discharges). I was provided a census of all admissions from the past 12 months and randomly picked the discharged files from this list. The 10 active files were those of the residents that I interviewed. I looked for timely education and administration of the Risk Assessment as well as documentation of required Medical and Mental Health follow up and consideration for risk based housing.

Residents have several means to contact independent agencies to report instances of sexual abuse and sexual harassment and as mentioned above: The Blackburn phone, “PREA Hotline”. Also posted are the numbers for Child Line, another 24 hour reporting line run by Pa. DHS for any sort of alleged abuse. Addresses for the Blackburn Center were posted throughout the facility in both Spanish and English, including the area that is used for visiting. This information is contained in resident brochures given to the residents during Intake. They also watch an age appropriate video during the Intake process entitled: “Safeguarding your Sexual Safety – A PREA Orientation Video”. Residents have a grievance process for reporting and have ample opportunities to report to parents and guardians through frequent phone calls and visits as well as some home visits. Attorneys, Probation Officers and Caseworkers can call or visit at any time.

Staff and residents both knew the reporting avenues and knew that they could report verbally, in writing, anonymously and through third parties.

There are MOUs with Excelsa Health Latrobe for Forensic Examinations conducted by a SAFE/SANE and an MOU with the Pa. State Police, Greensburg Barracks, who would conduct investigations. Pa. Child Line also conducts investigations. This information is posted on the facility website.

There were no allegations of staff on resident sexual abuse or sexual harassment at Colony. There was one unsubstantiated allegation of resident on resident sexual harassment. There have been no reports from other facilities of abuse at Colony, but Colony did receive one unsubstantiated report of resident on resident sexual harassment that occurred at another Adelphoi facility. All reports were provided to the Auditor. All reporting and documentation of reports was timely and conducted according to the Adelphoi PREA Zero Tolerance Policy and the Pa. Child Protective Services Law.

At the conclusion of the onsite Audit, on July 18, 2018, a brief Exit interview was held with the PREA Coordinator and the Quality Assurance Caseworker. The preliminary results of the Audit were discussed and a plan for corrective action.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

Adelphoi Village was established in 1971 as a home for boys. Through the years, foster care and a private residential school were added. Today, Adelphoi provides an extensive network of community based programs and services to over 1,200 youth and families on a daily basis. The mission “to assist children, youth and families to overcome social, emotional and behavioral difficulties” is the foundation behind the continuum of care that includes: group homes, foster/adoptive care, a charter school, in-home services such as multisystemic therapy, education programs, mental health services, elementary age partial hospitalization, secure care, drug and alcohol treatment and sex offender treatment. In 2017, Adelphoi served 446 residential youth.

Anchored by a 20 acre campus in Latrobe that includes a school building, administration building, three secure units, a substance abuse residential facility, four sex offender treatment units, a new Medical Building, a Mental Health clinic, and a multi-purpose recreational center, Adelphoi has program sites in over 30 counties throughout Pennsylvania. Expansion on the main campus is continuing with plans for an Admissions/Visitor Center, a “Student Union” and the “greening” of the campus to include re-locating parking lots and planting grass for a park like campus. This expansion was in Phase II and ongoing during the onsite portion of the Audit.

Adelphoi Village is a component of Adelphoi USA. The juvenile residential component is comprised of 22 group homes of which 5 are female and the rest are male. These units are located in Westmoreland, Blair, Fayette, Lycoming, Somerset and Armstrong Counties. A new secure male facility has just opened in a former juvenile detention center in Blair County. Adelphoi contracts with 64 of the 67 Counties in Pa. and frequently has had children committed from Delaware, West Virginia, Maryland, Nebraska, and Ohio. Because Adelphoi Village offers both foster care and adoption services, children from 0-21 are served. Adelphoi is considered a juvenile treatment facility and has a large sex offender population. Adelphoi Village is Sanctuary certified and this is the Organizational Culture and Philosophy at Adelphoi. They are also accredited by JCAHO. The counselors, teachers, therapists, along with administration, and supervisory staff, make up a workforce of nearly 650 at Adelphoi Village.

This Audit was conducted at Colony Intensive Supervision Unit, Bradenville, Pa., about 5 minutes from the main campus in Latrobe. One other facility was also audited at this time. Colony is a 14 bed female unit, with ages between 12-19, licensed under the Pa. Dept. of Public Welfare 3800 regulations. In 2017, there were 27 admissions and the average length of stay was 107 days. On the date of the Audit there were 12 residents in this unit; including two transfers from another Adelphoi facility. Residents from Colony are transported to the central Latrobe campus to attend the Robert Ketterer Charter School.

They are transported there in a van by Adelphoi staff. They eat all of their meals on the main campus, except on weekends when the meals are picked up and reheated at Colony. These residents can be either dependent or delinquent and are committed by their respective Juvenile Courts. One girl had “stepped down” from an Adelphoi secure unit. In addition to education, all residents receive both individual and group counseling and family counseling if warranted. Groups are run in ART (Aggression Replacement Training), BARJ (Balanced and Restorative Justice) and Sanctuary Groups. The girls also perform community service. The schedule is more relaxed during the summer and includes Equine Therapy, arts and crafts, and community recreation.

Colony Intensive Supervision Unit is located in a mixed use residential neighborhood in the outskirts of the town of Latrobe, Pa. in Derry Township, Westmoreland County in Western Pa. This two story 2500 square foot home is owned by Adelphoi and sits on about one acre with a driveway and a fenced in backyard. It is somewhat isolated, as it sits by itself at a V intersection, separated by the fence from an automotive business next door. The first floor consists of a foyer area, staff offices, a kitchen, pantry, living room, dining room, and a small deck off of the dining room. Colony was renovated in 2013, opening up the first floor and moving staff offices to improve lines of sight conducive to supervision. Carpeting was removed during this renovation and replaced with laminate flooring. Bathrooms were renovated to replace old fixtures. There are two first floor bathrooms, one for staff and one for resident use. The interior is painted in colors you would expect to find in a girls’ unit and is very clean and well maintained. The basement has food storage, mechanical, laundry rooms and a large activity room that can be used for group counseling. The second floor has both front and back stairs, two bathrooms, one at either end of the hallway and 7 bedrooms: 5 doubles, 1 single, and 1 triple. The bedrooms are sparsely furnished with wooden single and bunk beds. The bathrooms have a shower, toilet and sink. The residents shower one at a time.

There are no cameras in this facility. They are scheduled for installation sometime in the coming months. All residential units are having cameras installed. There is a “Guard One” system that was installed in May 2017. This allows the supervisor and administrators to monitor the midnight room checks. Adelphoi policy requires that the rooms be checked every eight minutes during the overnight hours. The “chip” is installed in the bedroom, so that the staff person must actually enter the room to scan it.

The residential clients attend school at the Robert Ketterer Charter School on the main campus in part of the building and eat in a separate area of the cafeteria, separate from the children from the community who attend the Alternative School. I toured this school building and saw the classrooms that the girls’ units use and the bathrooms. A bathroom is assigned to each of the units and at break, the girls line up and use it one at a time. There is a vo-tech cooking classroom in this building that all Adelphoi residential residents use, on a rotating basis. There are separate vo-tech buildings with a greenhouse, an auto detailing area and an electrical shop. I toured these areas as well. The auto detailing area was being used by three residential boys at the time of the tour. On the second day of the onsite, I observed the residents eating lunch in the cafeteria for the “residential girls”. They eat all of their meals in this area. Interviews of both staff and children were conducted in the administration building across the parking area from the school. This building is used for all probation officer visits.

Summary of Audit Findings

*The summary should include the number of standards exceeded, number of standards met, and number of standards not met, **along with a list of each of the standards in each category.** If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.*

Auditor Note: No standard should be found to be “Not Applicable” or “NA”. A compliance determination must be made for each standard.

Summary of Corrective Action (if any)

In summary, after reviewing all pertinent information provided to me prior to and during the onsite portion of the Audit, interviews with staff and residents, and the tour of the facility, it is apparent to this Auditor that the Facility Leadership and the Staff have spent considerable time and resources ensuring that the safety and security of these residents is the utmost priority.

This facility was Audited 3 years ago during the first PREA cycle. It was re-audited during this second year as part of the Agency having 1/3 of its facilities audited each year of the three year cycle.

There is a PREA Manager, who is the Supervisor of the Facility. He also monitors retaliation in his role as the PREA Manager and conducts random unannounced rounds. He was interviewed by phone, one week prior to the onsite Audit due to a pre-planned vacation out of the country. The PREA Coordinator and her management team have developed and implemented policy and procedure to ensure compliance with the PREA Standards. The staff and residents have demonstrated that they have not only received but understand the education and training.

There is an ongoing relationship and an MOU with the Blackburn Center that allows for victim advocacy, emotional support and reporting. This agency is a member of PCAR, the Pennsylvania Coalition against Rape. There is an MOU with Excelsior Health Latrobe for Forensic Medical Examinations for Residents conducted by a SAFE/SANE and there is an MOU with the Pennsylvania State Police, Greensburg to conduct criminal investigations. This information is posted on the website.

The residents receive all education at Intake on the main campus. If a resident is admitted or transferred to Colony after office hours, the line staff conduct the Intake education. All residents state they are receiving the Intake education and watching the video, however, in two of the active files and the two discharged files, Intake education is not being documented. The 10 day education, which includes the video, was documented and received in a timely manner in the files reviewed. There are permanent posters on the walls throughout the facility as part of ongoing education.

The Colony Caseworker conducts the Risk Assessment within 72 hours of Intake. The Vulnerability Assessments and the resultant medical follow ups were all done in a timely fashion. Electronic Health Records includes the Vulnerability Assessment, Medical and Mental Health follow up and the documentation of risk based housing. The documentation also includes electronic signature of the resident either accepting or refusing follow up. The Caseworker and the Quality Assurance Caseworker reviewed these records with me. There were no issues with any of the resident files, including those of two discharged residents, except for the documentation of Intake education as noted above.

All eight staff files were complete for both education/training, child abuse and criminal history clearances. All staff have clearances before hire and every two years according to Adelphi policy. Three of the eight staff files required and had clearances every two years and the other five were new hires with appropriate and timely clearances.

All 11 Staff that were interviewed state that male staff practice "knock and announce" when entering the second floor bedroom area, where the residents, shower, change clothes and use the toilet. There are knock and announce posters at the bottom and top of the stairway leading to the second floor. Of the ten residents interviewed, 5 of them stated that not all male staff announce their presence in the bedroom area at all times. However, all 10 girls stated that they are never subject to cross gender viewing and have never been subject to a cross gender pat down search. Knock and Announce needs to be conducted by all male staff all the time.

The following standards require a plan of correction:

Standard # 315 Limits to Cross Gender Viewing and Searches

Although there has been no cross gender viewing, 50% of the residents stated that not all male staff announce their presence at all times when entering the second floor bedroom area. Staff must be re-trained regarding this requirement. Documentation of the training must be submitted. Within 3 months of the training, the Auditor will conduct phone interviews with random residents, including those who reported this omission if they are still in the population, to ensure compliance with this policy and procedure.

On 10-16-18, documentation of the training for staff was received and reviewed. The PREA Manager/Unit Director was interviewed by telephone on 10-22-18. He conducted the training for staff. Four residents were interviewed, two who had been interviewed as part of the July onsite and two new admissions. They stated that male staff announce their presence before coming upstairs at the facility and that they are never subject to cross gender viewing. The documentation and interviews satisfy the plan of correction and demonstrate compliance with the standard.

Standard #333 Resident Education:

Residents are required to receive PREA education at Intake and more comprehensive education within 10 days of admission. I interviewed an Intake staff who works in the Central Admissions' office. She conducts both the Intake and 10 day education at the time of admission. However, when residents are admitted or transferred after office hours or on weekends, the Intake education is sometimes being conducted at the time of Intake and the video as part of the ongoing education is being viewed the next day. Although all 10 residents interviewed stated they had received all the information, there was not documentation of the Intake education in four of the resident files.

As part of a plan of correction, 120 days of admissions with documentation of the education at Intake needs to be submitted to the Auditor.

On December 3, 2018, I received a log of admissions from September 1 through November 30, 2018. There were 6 admissions during this time period. All six residents received timely education. I requested and received individual acknowledgements for 4 of these admissions. These also demonstrated timely education.

This documentation satisfies the plan of correction and demonstrates compliance with this standard.

This standard has been met.

Standard #367 Retaliation Monitoring:

There was one unsubstantiated report of resident on resident sexual harassment. Although both the victim and the alleged perpetrator were placed on safety plans, which includes monitoring of retaliation according to the interview with the PREA Manager/Program Supervisor, it is not specifically documented as such, nor is it ongoing as required in the standard.

The following is a summary of the plan of correction and timeline that was submitted by the PREA Coordinator:

Training

- VP of Residential Services, along with the PREA Coordinator and Compliance Caseworker will conduct a training on retaliation monitoring and documentation
- The PREA Managers will take the training back to their shift leaders and review.
- PREA Manager will monitor retaliation against AND from
 - Sexually abused or harassed client
 - Reporting client
 - Staff

Documentation

- Revise the Alleged Abuse and Sexual Assault checklist. Revise Sexual Allegation Incident Review form
- Create Retaliation log
- The Retaliation log will be submitted and tracked on the Sexual Incident Allegation Review Team Meeting

Completion Dates

- Forms created and revised by August 15, 2018
- Training will be completed August 31 for PREA Managers and September 15 for shift leaders
- The PREA Auditor will conduct telephone interviews of the PREA Managers in October 2018 to ensure training has been received and understood.

On 10-16-18, documentation of training was received and reviewed by the Auditor. On 10-22-18, a telephone interview was conducted with the PREA Manager/Unit Director. He discussed the policy and procedure and the new Retaliation Monitoring Form that has been developed and implemented.

There have been no incidents at Colony since the July Audit.

Interviews and documentation satisfy the plan of correction and demonstrate compliance with the standard.

The following standards have been exceeded:

#313 Monitoring and Supervision: This standard has been exceeded. Ratio is always exceeded. There are never deviations from ratio. The unannounced rounds are conducted frequently and on all shifts. This standard has been exceeded.

#351 Resident Reporting: All avenues have been provided to the residents for reporting of sexual abuse and sexual harassment. There is a “hotline” to the Blackburn center which all residents were aware of with a speed dial button. There are also grievance forms and telephone access to parents every day and visiting on weekends. The amount and frequency of contact with parents, guardians, probation officers, caseworkers and attorneys provide for exceptional reporting avenues. This standard has been exceeded.

#383 Ongoing Treatment:

This is a juvenile facility that residents are committed to for treatment, supervision and rehabilitation by their respective juvenile courts. They receive individual, group and family counseling. This includes those who have been victims and/or perpetrators of sexual abuse. This standard has been exceeded.

The plan of correction has been completed and as of December 4, 2018, this facility is fully PREA compliant.

PREVENTION PLANNING

Standard 115.311: Zero tolerance of sexual abuse and sexual harassment; PREA coordinator

All Yes/No Questions Must Be Answered by The Auditor to Complete the Report

115.311 (a)

- Does the agency have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment? Yes No

- Does the written policy outline the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment? Yes No

115.311 (b)

- Has the agency employed or designated an agency-wide PREA Coordinator? Yes No
- Is the PREA Coordinator position in the upper-level of the agency hierarchy? Yes No

Interviews Conducted:

PREA Coordinator (during an Audit three weeks prior to this onsite)

PREA Manager/Colony Supervisor (by telephone prior to the onsite Audit)

The review of the policy and the organizational chart and the interviews of both the PREA Coordinator and PREA Manager show that both have sufficient time and the authority to coordinate the facility's PREA compliance efforts. The organizational chart confirms that they have the authority within the organization to ensure compliance. The PREA coordinator has a Compliance Caseworker who assists in PREA related supervision at the 23 programs.

The PREA Manager/Supervisor was on vacation during the Audit. A telephone interview was conducted, one week prior to the onsite portion of the Audit. He was interviewed two years ago, during an Audit of another Adelphoi facility where he was the supervisor. In addition to making the staff schedule and supervising the staff and residents, he conducts random unannounced rounds and also is tasked with monitoring retaliation.

The PREA Coordinator was interviewed three weeks prior to this onsite during the Audit of other Adelphoi facilities.

The PREA Zero Tolerance Policy contains definitions of sexual abuse and sexual harassment and procedures regarding preventing, detecting, reporting and responding to sexual abuse and sexual harassment. The policy dictates how these procedures will be implemented.

This standard has been met. There is no need for corrective action

Standard 115.312: Contracting with other entities for the confinement of residents

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.312 (a)

- If this agency is public and it contracts for the confinement of its residents with private agencies or other entities including other government agencies, has the agency included the entity's obligation to adopt and comply with the PREA standards in any new contract or contract renewal signed on or after August 20, 2012? (N/A if the agency does not contract with private agencies or other entities for the confinement of residents.) Yes No NA

115.312 (b)

- Does any new contract or contract renewal signed on or after August 20, 2012 provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards? (N/A if the agency does not contract with private agencies or other entities for the confinement of residents OR the response to 115.312(a)-1 is "NO".) Yes No NA

- Pa. Department of Human Services 3800 Child Care Regulations
- Pa. Department of Human Services Licensing and Inspection Summary
- Posted Staff Schedules
- PREA Zero Tolerance Policy
- Logs of Unannounced Rounds
- Documentation of yearly review of staff schedules by PREA Coordinator

Interviews:

- PREA Coordinator (three weeks prior to this onsite during the Audit of other Adelphoi facilities)
- Facility Supervisor/PREA Manager (by telephone one week prior to the onsite)
- Program Director
- Residents during tour
- Staff during tour

The review of the Zero Tolerance Policy, Adelphoi policies and the above documentation shows compliance with staffing, supervision, and ratio. The policy considers all eleven of the criteria in the standard and the Program Supervisor/PREA Manager states he takes those criteria into consideration when making the staff schedule. There have been no instances of not meeting ratio and this is confirmed by interview and by review of the most recent Pa. Department of Human Services Licensing and Inspection Summary. Pa. DHS inspects staffing during their annual licensing inspection and throughout the year if there is a reportable incident.

I reviewed documentation of yearly review of staffing by the PREA Coordinator. The PREA Coordinator reviews staffing yearly or would review if there was an incident. The PREA Manager/Supervisor states that staffing is reviewed daily to ensure one on one supervision and other resident needs such as transportation to medical appointments or court are met.

The ratio that is required by the Pa. 3800 Child Care regulations is 1:8, 1:16. The Director states the ratios are usually better than that and that he and the Caseworker can also count in ratio.

I was provided current staff schedules with more than the required ratio. They are completed at least two weeks in advance and are posted in the staff office. I saw the posted staff schedule while on a tour of the facility. The use of voluntary and, if needed, mandatory overtime provides for any emergency staffing. "Fill-in staff" are regularly used to provide for additional staffing due to call outs/vacations and or medical appointment or transportation needs.

During the tour, I saw residents supervised as a group at the facility. The Colony residents do not attend summer school. I saw them sitting together in the dining area. There were twelve girls and two staff. I observed them having lunch in the school cafeteria on the second day of the Audit and observed two staff with them.

Prior to the onsite, I was provided logs of unannounced rounds conducted by both the Facility Supervisor and the Program Director. I was provided with additional logs during the onsite and saw the log book at the facility. The Program supervisor conducts them on all shifts and documents them. He never advises anyone that he will be conducting a round to prevent staff from alerting other staff. This is also prohibited in policy. The Program Director also conducts rounds and monitors the logs to ensure that they are conducted on all shifts according to policy. The logs document that random unannounced rounds are being conducted on all shifts.

There are no cameras in this facility but they are scheduled to be installed in the coming months, along with the other residential facilities. There is a “Guard One” system used during sleeping hours that requires staff to scan a chip every eight minutes in each room to provide documentation of supervision. This information is downloaded by the supervisor. The chips are placed inside the residents’ rooms, so that the staff person has to physically enter the room to scan the chip, thus ensuring that he can see the residents in their beds.

This standard has been exceeded. Ratio is always exceeded. There are never deviations from ratio. The unannounced rounds are conducted frequently on all shifts. There is no need for corrective action.

Standard 115.315: Limits to cross-gender viewing and searches

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.315 (a)

- Does the facility always refrain from conducting any cross-gender strip or cross-gender visual body cavity searches, except in exigent circumstances or by medical practitioners?
 Yes No

115.315 (b)

- Does the facility always refrain from conducting cross-gender pat-down searches in non-exigent circumstances? Yes No NA

115.315 (c)

- Does the facility document and justify all cross-gender strip searches and cross-gender visual body cavity searches? Yes No
- Does the facility document all cross-gender pat-down searches? Yes No

115.315 (d)

- Does the facility implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks? Yes No
- Does the facility require staff of the opposite gender to announce their presence when entering a resident housing unit? Yes No

- In facilities (such as group homes) that do not contain discrete housing units, does the facility require staff of the opposite gender to announce their presence when entering an area where residents are likely to be showering, performing bodily functions, or changing clothing? (N/A for facilities with discrete housing units) Yes No NA

115.315 (e)

- Does the facility always refrain from searching or physically examining transgender or intersex residents for the sole purpose of determining the resident's genital status? Yes No
- If a resident's genital status is unknown, does the facility determine genital status during conversations with the resident, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner? Yes No

115.315 (f)

- Does the facility/agency train security staff in how to conduct cross-gender pat down searches in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs? Yes No
- Does the facility/agency train security staff in how to conduct searches of transgender and intersex residents in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs? Yes No

The Adelphoi Village Zero Tolerance Policy contains the necessary requirements for this standard. It, along with Adelphoi Village policy, prohibits any kind of cross gender search including cross gender pat down searches. The policy also prohibits the search or physical examination of a Transgender or Intersex resident for the sole purpose of determining that resident's genital status. There have been no cross gender searches of any kind. Colony is an all female facility. Both male and female staff work at Colony. Staff state they do not conduct cross gender pat down searches, however they could discuss emergencies and gave an example of an exigent circumstance. Residents state that they have never been subject to a cross gender pat down search at the facility. All staff that were interviewed have received training regarding the search of a Transgender or Intersex resident in a respectful and dignified manner and were able to candidly discuss this.

Staff state that male staff practice "knock and announce" when entering the second floor bedroom area where the residents shower, change clothes and use the toilet. There are knock and announce posters at the bottom and top of the stairway leading to the second floor. Of the ten residents interviewed, 5 of them stated that not all male staff announce their presence in the bedroom area at all times. However, all 10 girls stated that they are never subject to cross gender viewing.

Residents state that they always shower alone. The bathrooms contain single showers with a curtain. Same sex staff conduct showers. This is the procedure in the Adelphoi shower policy. Shower procedure was demonstrated for me during the tour. Girls must change their clothes in the bathroom, behind a closed door. They are never permitted to change clothes in their rooms. All residents can shower, toilet, change clothes and perform bodily functions without being viewed by staff of the opposite sex according to interviews of both staff and residents.

This standard has not been met. There is a need for corrective action. Although there has been no cross gender viewing, 50% of the residents interviewed, stated that not all male staff announce their presence at all times when entering the second floor bedroom area. The PREA Coordinator submitted the following plan of correction and timeline:

Training

- The PREA Manager and Program Director will conduct a training related to cross gender viewing and search
- Training will take place during a team meeting at the unit

Documentation

- The PREA Manager and Program Director will ensure cross gender postings are located in the proper locations within the unit. If not, they will request additional copies of the posting from the Compliance Caseworker.

Data

- The PREA Coordinator will provide the PREA Auditor with the training logs of the PREA Managers and team members

Completion Dates

- Training will be completed by August 31 for all staff at Colony

- The PREA Auditor will conduct telephone interviews with random residents to ensure staff are knocking and announcing. This will occur sometime in October 2018 to ensure that this practice has become part of the culture of the facility.

On 10-16-18, documentation of the training for staff was received and reviewed. The PREA Manager/Unit Director was interviewed by telephone on 10-22-18. He conducted the training for staff. Four residents were interviewed, two who had been interviewed as part of the July onsite and two new admissions. They stated that male staff announce their presence before coming upstairs at the facility and that they are never subject to cross gender viewing. The documentation and interviews satisfy the plan of correction and demonstrate compliance with the standard. This standard has been met.

Standard 115.316: Residents with disabilities and residents who are limited English proficient

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.316 (a)

Interviews Conducted:

Agency Head/COO (three weeks prior to this onsite during other Adelphoi Audits)

Eleven Staff

PREA Coordinator (three weeks prior to this onsite during other Adelphoi Audits)

Charter School ESL Teacher

During the Audit, there were no residents who were disabled or who were not English proficient. During the tour, I saw all postings in Spanish and English. There is a contract with a translator that was provided. The COO stated that they probably would not admit a non-English speaking child because they could not participate in the required group therapy. It is more likely that a parent would need the services of the translator. I interviewed a charter school teacher assigned to teach the residential children. She states that all the residents speak English, but may not be proficient in reading and writing English. It is her responsibility to evaluate them and their needs. She states that she notifies the Program Supervisor and the Program Director of any resident who cannot proficiently read and write English, so that they can provide the PREA education in that language. She will also be notifying the PREA Coordinator and Quality Assurance Caseworker of this as well, so they can track these residents. The PREA Coordinator states that currently the Program Supervisor makes this notification, but this will act as a failsafe.

The COO stated that all reasonable accommodations would be made for a resident with a disability. Adelphoi accepts residents with disabilities, both physical and mental, on a case by case basis. There is the capacity, through the Educational program, for all residents to receive PREA Education.

The Admissions department now notifies the PREA Coordinator of any resident with a physical or mental disability who has been admitted, so that child's needs can be met and the PREA Coordinator can track these residents.

The PREA policy requires these accommodations.

This standard has been met. There is no need for corrective action

Standard 115.317: Hiring and promotion decisions

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.317 (a)

- Does the agency prohibit the hiring or promotion of anyone who may have contact with residents who: Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997)? Yes No
- Does the agency prohibit the hiring or promotion of anyone who may have contact with residents who: Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse? Yes No
- Does the agency prohibit the hiring or promotion of anyone who may have contact with residents who: Has been civilly or administratively adjudicated to have engaged in the activity described in the question immediately above? Yes No
- Does the agency prohibit the enlistment of services of any contractor who may have contact with residents who: Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997)? Yes No
- Does the agency prohibit the enlistment of services of any contractor who may have contact with residents who: Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse? The Adelphoi Village Zero Tolerance Policy and the Pa. Child Protective Services Law require Criminal History Checks, FBI clearances, and Child Abuse Checks for employees and contractors prior to employment. The Adelphoi policy requires a continuing affirmative duty to report prohibited conduct and this information is requested on the employment application and in interviews. There is Zero Tolerance for this behavior when seeking a promotion within Adelphoi Village.

The Pa. Child Protective Services Law requires these clearances prior to employment and all new employee files are inspected during the annual licensing inspection as well as contractors and volunteers. A percentage of random employee files are inspected by Pa. DHS as well. There have been no citations for non-compliance in this area.

Along with the Human Resources Director, her assistant and the PREA Coordinator, I checked the files of 8 staff, including five who had recently been hired, including a rehire, and a contractor who has contact with children and all had the required clearances.

The policy and the interview with the HR staff state that a Criminal History check, Child Abuse Clearance and FBI clearance of all employees will be conducted every two years by Adelphoi Village. I saw timely re-checks in the 3 employee files that required them.

The Pa. CPSL and the PREA standards require 5 year re-checks, so the Adelphoi policy is more stringent.

This standard has been met. There is no need for corrective action

Standard 115.318: Upgrades to facilities and technologies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.318 (a)

- If the agency designed or acquired any new facility or planned any substantial expansion or modification of existing facilities, did the agency consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect residents from sexual abuse? (N/A if agency/facility has not acquired a new facility or made a substantial expansion to existing facilities since August 20, 2012, or since the last PREA audit, whichever is later.)
 Yes No NA

115.318 (b)

- If the agency installed or updated a video monitoring system, electronic surveillance system, or other monitoring technology, did the agency consider how such technology may enhance the agency's ability to protect residents from sexual abuse? Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Interviews:

COO (during an audit three weeks prior to this onsite)

VP of Residential Service (during an audit three weeks prior to this onsite)

There have been no expansions or modifications to the facility and none are planned. The facility had “Guard One” installed in May 2017 in the bedroom area. The chips that are scanned were installed inside the room so the midnight staff must physically enter the room to scan the chip. It is required by Adelphoi policy that the chips must be scanned every 8 minutes. The report can be downloaded by the supervisor/administrator to monitor supervision by midnight staff. I saw the system while on a tour of the facility.

During an audit three weeks prior to this onsite, the COO and the VP of residential services were interviewed. Both stated that as part of the capital plan, all residential facilities will have cameras installed in the coming months. The girls’ units will probably receive them first according to the interviews. There will also be remote viewing capability. This standard has been met.

RESPONSIVE PLANNING

Standard 115.321: Evidence protocol and forensic medical examinations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.321 (a)

- If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)
 Yes No NA

115.321 (b)

- Is this protocol developmentally appropriate for youth where applicable? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) Yes No NA
- Is this protocol, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice’s Office on Violence Against Women publication, “A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents,” or similarly comprehensive and authoritative protocols developed after 2011? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) Yes No NA

115.321 (c)

- Does the agency offer all residents who experience sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiary or medically appropriate? Yes No

- Are such examinations performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible? Yes No
- If SAFEs or SANEs cannot be made available, is the examination performed by other qualified medical practitioners (they must have been specifically trained to conduct sexual assault forensic exams)? Yes No
- Has the agency documented its efforts to provide SAFEs or SANEs? Yes No

115.321 (d)

- Does the agency attempt to make available to the victim a victim advocate from a rape crisis center? Yes No
- If a rape crisis center is not available to provide victim advocate services, does the agency make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member? Yes No
- Has the agency documented its efforts to secure services from rape crisis centers? Yes No

115.321 (e)

- As requested by the victim, does the victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and support the victim through the forensic medical examination process and investigatory interviews? Yes No
- As requested by the victim, does this person provide emotional support, crisis intervention, information, and referrals? Yes No

115.321 (f)

- If the agency itself is not responsible for investigating allegations of sexual abuse, has the agency requested that the investigating entity follow the requirements of paragraphs (a) through (e) of this section? (N/A if the agency/facility is responsible for conducting criminal AND administrative sexual abuse investigations.) Yes No NA

115.321 (g)

- Auditor is not required to audit this provision.

115.321 (h)

- If the agency uses a qualified agency staff member or a qualified community-based staff member for the purposes of this section, has the individual been screened for appropriateness to serve in this role and received education concerning sexual assault and forensic examination issues in general? (Check N/A if agency attempts to make a victim advocate from a rape crisis center available to victims per 115.321(d) above.) Yes No NA

Phone Interview with Director of the Blackburn Center (a PCAR) prior to onsite

The PREA Zero Tolerance Policy contains all necessary provisions to meet this standard. MOUs are in place for the hospital, Excelsa Health Latrobe, to provide forensic medical exams with a SAFE/SANE. Investigations are conducted by the Pa. State Police and their responsibilities are outlined in the MOU. The Blackburn Center, a member of the Pennsylvania Coalition Against Rape (PCAR), provides a victim advocate and crisis intervention, emotional support, information and referrals. I spoke to the Director of the Blackburn Center prior to the onsite portion of the Audit by telephone and she confirmed the services stated in the MOU.

All MOUs are in place for the necessary services to be offered for a resident outside of Adelphoi Village.

The Nurse confirmed SAFE/SANEs at Excelsa Health System.

There have been no alleged incidents that have required forensic medical exams.

This standard has been met. There is no need for corrective action.

Standard 115.322: Policies to ensure referrals of allegations for investigations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.322 (a)

- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual abuse? Yes No
- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual harassment? Yes No

115.322 (b)

- Does the agency have a policy and practice in place to ensure that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior? Yes No
- Has the agency published such policy on its website or, if it does not have one, made the policy available through other means? Yes No
- Does the agency document all such referrals? Yes No

115.322 (c)

- If a separate entity is responsible for conducting criminal investigations, does such publication describe the responsibilities of both the agency and the investigating entity? [N/A if the agency/facility is responsible for criminal investigations. See 115.321(a).]
 Yes No NA

115.322 (d)

Vice President of Residential Services (3 weeks prior to the onsite during another Adelphoi Audit)

Adelphoi COO (3 weeks prior to the onsite during another Adelphoi Audit)

I interviewed the Vice President of Residential Services and reviewed the PREA Policy and the MOU with the Pa. State Police. All allegations are reported to the Pa. State Police and Pa. Child Line. Adelphoi Village staff do not investigate allegations but report all of them. The contact information is on the website and this has been verified by the Auditor. All policies and procedures required by both PREA and the Pa. Child Protective Services Law are in place. The Vice President states that all incidents are reported and documented.

The Adelphoi COO is part of a state task force along with Pa. Child Line officials regarding the reporting of Child Sexual Abuse. Pa. Child Line will not be accepting reports of resident on resident sexual abuse or sexual harassment. These reports must be made to law enforcement. Child Line will accept reports of Staff, Contractor, Volunteer, Parent, etc. on resident child sexual abuse and sexual harassment. The Adelphoi Policy will be amended to include this change when it goes into effect.

Adelphoi Village Zero Tolerance Policy requires a report to Child Line and/or PSP for all alleged incidents. In the resident on resident unsubstantiated sexual harassment, Pa. Child Line was notified. They did not respond. I saw documentation of this. Adelphoi conducted a Sexual Abuse Incident Review and decided the outcome.

This standard has been met. There is no need for corrective action

TRAINING AND EDUCATION

Standard 115.331: Employee training

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.331 (a)

- Does the agency train all employees who may have contact with residents on: Its zero-tolerance policy for sexual abuse and sexual harassment? Yes No
- Does the agency train all employees who may have contact with residents on: How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures? Yes No
- Does the agency train all employees who may have contact with residents on: Residents' right to be free from sexual abuse and sexual harassment Yes No
- Does the agency train all employees who may have contact with residents on: The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment? Yes No
- Does the agency train all employees who may have contact with residents on: The dynamics of sexual abuse and sexual harassment in juvenile facilities? Yes No
- Does the agency train all employees who may have contact with residents on: The common reactions of juvenile victims of sexual abuse and sexual harassment? Yes No

Interviews:

PREA Coordinator (3 weeks prior to the onsite during another Adelphoi Audit)

PREA Manager/Program Supervisor (by phone one week prior to the onsite)

Eleven Staff

I reviewed the PREA Zero Tolerance Policy which requires all staff to receive PREA Training. Existing staff received it when PREA was first implemented in 2014 and any staff who were hired after that date receive this training during orientation. The staff receive training every year and it includes the NIC online training, "Keeping our Kids Safe". Staff take a post test, and must pass it in order to be placed on the training log according to the PREA Coordinator. I reviewed 8 random staff files to ensure yearly training that is appropriate. All staff reviewed had received initial and refresher training if required.

The training includes how to detect, prevent, report and respond to allegations of sexual abuse and sexual harassment according to the agencies policies and procedures. The eleven Colony staff who were interviewed were able to candidly discuss their training which included signs and symptoms of sexual harassment victims, the dynamics of sexual abuse in a confinement setting, how to avoid inappropriate interactions with residents, how to interact with all residents in a respectful and professional manner, including those who may identify as LGBTI. Both male and female staff are trained to work with both male and female juveniles, because although assigned to one facility, they sometimes "fill in" at other Adelphoi facilities that may house a different sex. All Colony staff could tell me they received initial training during orientation and those staff who were at Adelphoi for longer than a year state that they received training when PREA was first implemented and every year since then. They state that they also discussed PREA policies and procedures during staff meetings and as recently as two weeks ago.

All line staff also receive mandated reporter training as per the Pa. Department of Human Services 3800 Child Care Regulations and they were able to discuss their mandated reporter responsibilities as well as their first responder responsibilities.

The training contains all provisions and the review of files showed all staff receive it and the interviews demonstrate that staff understand it.

There are currently no volunteers at any Adelphoi Village facility including Colony. I conducted a telephone interview with two Contracted Employees, a HVAC Contractor who has been contracted with Adelphoi for over 20 years and a Security System contractor, who has been with Adelphoi for 25 years. They were able to tell me that they received training and the extent of the training. They were able to tell me that they would report to an on-duty supervisor and the Facilities' Director. A contractor receives a PREA brochure that describes the Zero Tolerance Policy. The recipient of the brochure signs off acknowledging receipt. I saw the signed acknowledgement of training for the HVAC and Security contractors and for all the service representatives that respond to Adelphoi.

The PHN Mental Health Therapist provides individual and group therapy to the Adelphoi residents, including those from Colony. She is also a mandated reporter. She receives mandated reporter training yearly as required by her license and has a certification in Trauma Focused Cognitive Behavioral Therapy, which includes recognizing and responding to sexual victims. I saw the sign off for her training.

Admissions staff who performs Intake and 10 day Education as part of the Admissions process

Colony Supervisor/PREA Manager (by telephone one week prior to the onsite)

Residents at Colony receive all PREA education as part of Intake on the Main campus. As part of Intake, the new resident views the PREA video, Safeguarding Your Sexual Safety: A PREA Orientation Video, describing sexual abuse and sexual harassment and how to report, including the hotline. The Admission staff, who was interviewed, has them sign an acknowledgement. The residents also receive a PREA pamphlet. If a resident is transferred to Colony or admitted after office hours, a Colony staff conducts the Intake, including the PREA education. Sometimes, depending upon the hour or admission, the initial PREA Education regarding the PREA Zero Tolerance Policy and how to report is conducted and the video is viewed the next day. Not all Intake education that is conducted at Colony is being documented. The video being viewed at Colony is being documented. Of the ten active files I reviewed, two residents did not have documentation of Intake education. One resident was a transfer from another Adelphoi facility. Both discharged resident files did not have documentation of this Intake education. There are reporting and Zero Tolerance posters throughout the facility as a form of ongoing education.

All residents could state that they received education upon Intake. Several residents told me during the tour that they had been at other placements prior to Colony and had received PREA education there and again at Colony.

The Adelphoi PREA policy requires that residents be educated at Intake and upon transfer and that this education must be documented. There is a form for this documentation. Both the staff and the residents state that it is being conducted when they walk through the door, however not all files contained this documentation.

This standard has not been met. There is a need for corrective action. The PREA Coordinator submitted the following plan of correction and timeline.

Training

- VP of Residential Services, along with the PREA Coordinator and Compliance Caseworker will conduct a training with one of the agenda items being resident education. Specifically, the process for documentation if education video is not watched DOA.
- The PREA Managers will take the training back to their shift leaders and review.

Documentation

- NA

Data

- The PREA Coordinator will provide the PREA Auditor with new arrivals to the unit for 120 days.
- The PREA Auditor randomly select clients and the PREA Coordinator will provide requested residential education forms.

Completion Dates

- Training will be completed August 31 for PREA Managers and September 15 for shift leaders
- New client data will be sent to the PREA Auditor and will be from September 1 to November 30, 2018

On December 3, I received a log of admissions from September 1 through November 30, 2018. There were 6 admissions during this time period. All six residents received timely education. I requested and received individual acknowledgements for 4 of the 6 admissions. These also demonstrated timely education.

This documentation satisfies the plan of correction and demonstrates compliance with this standard.

Adelphoi Agency Nurse
 Master’s Level Mental Health Caseworker

This facility does not perform forensic medical examinations. These are conducted at Excelsa Health Latrobe by SAFE/SANEs and there is an MOU with the Hospital.

There are no Medical or Mental Health Staff at Colony. Most medical and mental health services are provided in the community. The physicals and any routine medical needs are obtained at local doctor's offices. Mental Health needs, such as counseling, therapy, medication evals and assessments are provided by Primary Health Network, a community provider, who leases a building on the Adelphoi property, but still sees community patients at that clinic. On occasion, a Mental Health Therapist, who is an Adelphoi employee, will do a Mental Health Assessment of a Colony Resident, if they cannot get an appointment at a community provider within 14 days as required by the standard.

I interviewed a full time Adelphoi Nurse, who trains Adelphoi staff on medication distribution and oversees residential program medical needs. She does not have interaction with the Colony residents, but acts as a Medical liaison for the Colony residents. I also interviewed a Master's Level Mental Health Caseworker, who is an Adelphoi employee. The Nurse and Caseworker received Mandated Reporter training and would report to Child Line and their immediate supervisor as well as document any allegation of abuse. The Adelphoi Mental Health Caseworker has received extensive training through her education and because she assesses and treats sex offenders and victims. Both she and the Nurse receive the PREA training that all employees do and also completed the NIC online course for Medical and Mental Health staff. Both state that forensic examinations are not conducted at Adelphoi and that they both have received training regarding the sexual abuse of juvenile victims. They both received training on the protection of forensic evidence.

I received certificates of completion for the NIC PREA online course for all Medical and Mental Health employees at Adelphoi. They were also on the employee training log for having completed the education that all employees receive.

SCREENING FOR RISK OF SEXUAL VICTIMIZATION AND ABUSIVENESS

Standard 115.341: Screening for risk of victimization and abusiveness

115.341 (a)

- Within 72 hours of the resident's arrival at the facility, does the agency obtain and use information about each resident's personal history and behavior to reduce risk of sexual abuse by or upon a resident? Yes No
- Does the agency also obtain this information periodically throughout a resident's confinement? Yes No

115.341 (b)

- Are all PREA screening assessments conducted using an objective screening instrument? Yes No

115.341 (c)

- During these PREA screening assessments, at a minimum, does the agency attempt to ascertain information about: Prior sexual victimization or abusiveness? Yes No
- During these PREA screening assessments, at a minimum, does the agency attempt to ascertain information about: Any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex, and whether the resident may therefore be vulnerable to sexual abuse? Yes No
- During these PREA screening assessments, at a minimum, does the agency attempt to ascertain information about: Current charges and offense history? Yes No

The Vulnerability Assessment Instrument is a commonly used one from the New Zealand Department of Youth Corrections that takes into account many variables including: age, physical size and appearance, physical or mental disabilities, prior victimization, charges, LGBTI identification, Mental illness, socialization issues, emotional issues, and the resident's own perception of vulnerability.

The Colony Caseworker administers the VAI within 24 hours of Intake. She considers the placement information, the YLS (a probation risks and needs instrument), conversations with parents, probation officers and caseworkers. The CW uses the VAI as a guideline and uses a combination of developing a conversational rapport with the resident and asking direct questions.

All completed VAIs are part of the electronic health record and have restricted access. Only the Colony staff and administrative staff have access to these electronic files. All other staff must be granted access by the EHR administrator. All pertinent and necessary information is recorded in a housing log. The CW states that the information on the VAI may result in a Safety Plan for the child and can help decide in which bedroom they are placed, either the single room or rooms at either end of the hallway to keep them separate from others that may be identified. The Safety Plan can also result in Behavioral Support and who they may not interact with, as well as Medical and MH follow up within 14 days. I reviewed the electronic files of 12 residents (10 active and 2 discharged) with the Caseworker and the Quality Assurance Caseworker. I chose two files randomly from those admitted during the past 12 months and reviewed the active files of those residents that were interviewed. All had timely administration of the VAI. Two of the files reviewed required 6 month re-assessments per Adelphoi policy and they both were conducted in a timely fashion.

The Caseworker states that the VAI is conducted at Intake, upon transfer from another facility, if there is an incident of sexual abuse or sexual harassment and at 6 months.

All 10 residents were interviewed and all could state that they were asked questions when they first arrived as to whether they had ever been sexually abused, if they had any disabilities or if they were fearful of sexual abuse at Colony. Three residents could not remember being asked if they identified as LGBTI, but it was documented that they had. One resident could remember that she was asked these questions again during her stay.

Four residents who identified as Bi-sexual

Isolation is not practiced and is prohibited by both Adelphoi Village Policy and by the Pa. Department of Human Services 3800 Child Care Regulations.

I interviewed the above staff who state that any resident who is identified as either vulnerable or aggressive on the risk screening is considered for housing in a room that would protect either that resident or the other residents. While on the tour, I observed a single room used for this purpose. Additionally, if they need to keep girls separated they use bedrooms on opposite ends of the hallway. They are two single bathrooms with a sink and a toilet and a door that closes. There is a single shower stall in each bathroom. During the tour, the shower procedure was demonstrated for me. All residents shower alone.

The staff state that there are no specific or segregated housing units for LGBTI residents. Transgender or Intersex resident housing would be determined on a case by case basis and would be formally reviewed every thirty days “or on an as needed basis, perhaps more frequently” according to the CW interviewed. The residents’ own views for their safety would be considered when making housing decisions as well as the safety and security of all the residents. A LGBTI resident is never identified as sexually aggressive based solely on their LGBTI status. There were four LGBTI residents in the population at the time of the onsite. All four residents identified as bi-sexual. They stated they were not housed according to this identification, nor were they discriminated against in any way.

I reviewed the files of 12 residents (10 active and 2 discharges). The resident files were part of the Electronic Health record. All risk based housing recommendations are recorded on the instrument itself. One of the files had documentation for a resident identified as sexually aggressive and five files had documentation for those identified as Vulnerable to Victimization. The Colony CW documents why and why not risk based housing is needed for all residents.

The policy contains all necessary verbiage and according to the interviews the policy is in practice.

- PREA Compliance Manager/Colony Supervisor (by telephone one week prior to Audit)
- Director of the Blackburn Center, a PCAR (by phone, prior to Audit)
- Eleven Staff
- Ten Random Residents

I reviewed the PREA Zero Tolerance Policy and it contains all necessary information and provides for residents to make reports verbally, in writing, anonymously and through third parties. It mandates that staff accept resident reports in all these formats and that they document and report to Pa. Child Line and their supervisors immediately. All residents and staff interviewed were able to tell me at least two ways a report could be made and most were able to tell me many ways a report could be made.

The primary reporting mechanism is to an outside agency the Blackburn Center. There is an MOU with this agency and this "hotline" allows for receipt of the report and transmission to the facility anonymously if requested. Prior to the onsite, I conducted a telephone interview with the Director of the Blackburn Center and she confirmed the services outlined in the MOU. This reporting method is posted throughout the center. The private "hotline" is located on every phone and has a designated button that goes directly to the Blackburn Center. While on the tour a resident volunteered to show me how to privately use this phone. She took me to a private area on the first floor with a phone that has reporting posters on the wall and Blackburn information on the receiver. She pressed the speed dial and it went to the Blackburn Center, which I verified. The residents can also call Child Line and the staff must call Child Line, as mandated reporters.

The Pa. Department of Human Services 3800 Child Care Regulations requires a Grievance Policy and that all residents and their parents receive it and acknowledge it as part of the intake process. This is another avenue for reporting and is contained in every child's file and is audited by PA. DHS. While on the tour, I saw writing implements available to the girls.

Residents can make outgoing calls every other day and can receive incoming calls on the other days. Residents can also receive visits from parents and grandparents on Sunday and special accommodations can be made for parents who live far away. Adelphoi assists with parent visiting by providing gas cards, transportation and lodging if needed. Visits by Probation Officers, Caseworkers, and Attorneys are not limited and residents confirm that they receive them. Three girls stated they have spoken to their GALs or their Public Defender. Two other girls stated they have called their Public Defenders, but they do not answer the phone.

The two unsubstantiated allegations of resident on resident sexual harassment that were made in the past 12 months at Colony were reported by the victims to their therapists. One incident occurred at a different Adelphoi facility, but was reported when the girl was at Colony. All reporting procedure was followed and documented. All allegations were reported to Pa. Child Line.

Every possible avenue has been provided for residents to confidentially report sexual abuse, harassment or retaliation. All staff and residents were able to provide me with at least two avenues.

This standard has been exceeded. No corrective action is needed

Standard 115.352: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.352 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address resident grievances regarding sexual abuse. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No NA

115.352 (b)

- Does the agency permit residents to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA

- Does the agency always refrain from requiring a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

115.352 (c)

- Does the agency ensure that: A resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.352 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency determines that the 90-day timeframe is insufficient to make an appropriate decision and claims an extension of time [the maximum allowable extension of time to respond is 70 days per 115.352(d)(3)], does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) Yes No NA
- At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.352 (e)

- Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Are those third parties also permitted to file such requests on behalf of residents? (If a third party, other than a parent or legal guardian, files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA
- If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.) Yes No NA

- Is a parent or legal guardian of a juvenile allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile? (N/A if agency is exempt from this standard.) Yes No NA
- If a parent or legal guardian of a juvenile files a grievance (or an appeal) on behalf of a juvenile regarding allegations of sexual abuse, is it the case that those grievances are not conditioned upon the juvenile agreeing to have the request filed on his or her behalf? (N/A if agency is exempt from this standard.) Yes No NA

115.352 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA

115.352 (g)

- If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.) Yes No NA

Grievances were not used to report any of the allegations at Colony during the past twelve months. No grievances by residents or third parties were filed alleging sexual abuse, harassment or retaliation. The Policy requires that grievances can be used to report sexual abuse or harassment, but residents are not required to use a grievance. If they do, they can do so without having to submit or refer to the staff involved in the grievance. The timelines for the resolution of the grievance are outlined in the policy and are within 48 hours if it is an emergency grievance. Residents cannot be disciplined for filing a grievance.

The Pa. Department of Human Services 3800 regulations require a grievance policy and notification and acknowledgement of such by both the resident and their parent/guardian. The Pa. DHS, during their annual licensing inspection, inspects resident files for this signed acknowledgement by both parent and resident. Additionally, the most recent Licensing and Inspection Summary did not contain any citations for failure to notify of the grievance process.

The grievance process was not mentioned as often as the "hotline" or "telling a staff" by either residents or staff interviewed, but it is available to all residents.

The PREA Policy outlines that the facility will provide residents with access to confidential emotional support services through the Blackburn Center. Posters in both Spanish and English are posted throughout the facility with the name, phone number and address for this service.

The PREA Coordinator described the MOU with the Blackburn Center, a PCAR, and the services that they offer. The MOU was reviewed and I spoke to the Blackburn Center Director there by telephone prior to the Audit to confirm the services offered in the MOU.

The residents who were interviewed state that they can make and receive phone calls (incoming and outgoing) every day. Visiting by parents/grandparents/guardians is once a week and accommodations are made for those who live far away. Not all residents receive visits, but all are entitled to them.

Probation officers, caseworkers, and attorneys are not subject to the visiting or telephone policy and can visit when it is convenient. All residents stated that they could see or call their lawyer if they wanted to and three had spoken to their GAL and Public Defender.

Seven out of ten residents were able to tell me that they were aware that there were services outside of the facility and five of them could tell me about the counseling/emotional support services offered through the Blackburn Center. They could tell me that the Phone number and address for the Blackburn Center were posted throughout the facility.

The PREA policy as well as the Pennsylvania Child Protective Services Act requires that all staff immediately report any knowledge or suspicion of sexual abuse, sexual harassment, or retaliation. All staff are mandated reporters. All staff receive mandated reporter training as per the Pa. DHS 3800 Residential Child Care Regulations. All staff interviewed knew that they must report to Pa. Child Line under penalty of Law. The nurse and the Mental Health Therapist interviewed are also mandated reporters. They stated during their interviews that they report to Pa. Child Line, their supervisor, and also would document any report.

The VP of Residential Services states that the PA. 3800 regulations require a report within 24 hours, documenting notification of the parent, guardian, probation officer, caseworker and court. He stated that if there is an attorney of record, they would also be notified and if there was a court order prohibiting a parent from notification, they would contact a guardian.

I saw documentation of the above notifications for each allegation. This information is contained on what is called a HCSIS report. This is an acronym for a Pa. DHS notification requirement that must be completed within 24 hours of the incident. I reviewed a HCSIS report for each allegation.

This standard has been met and there is no need for corrective action

Vice President of Residential Services (three weeks prior to Audit)

There was one unsubstantiated resident on resident allegation of sexual harassment that required a report to another facility within the past twelve months. While at Colony, a resident reported to a therapist that she had been sexually harassed by another resident while at Susan's, another Adelphoi facility. This was immediately reported as it would be for any allegation. There have been no reports from another facility outside of Adelphoi.

The policy clearly states that if a resident reports a sexual abuse at another facility to an Adelphoi Village staff person, it will be reported to Child Line and documented. The Vice President of Residential Services or PREA Coordinator will notify the Director at the facility where the alleged abuse occurred and will document that notification. This will occur within 24 hours.

If a report is made at another facility regarding an allegation that occurred at Colony, it will be reported to the Vice President of Residential Services who will contact Child Line and the Pa. State Police and will document within 24 hours of receiving the report. All other parties, parents, guardians, POs, and caseworkers, will also be notified within 24 hours.

There are no Unions or bargaining units at Adelphoi Village and this includes Colony Home. The PREA policy states that there is nothing that prohibits the facility from removing the offender from contact with the residents during a sexual abuse investigation.

An interview with the COO shows that any time there is an allegation, a plan of safety for the specific resident and all the residents is put in place and this always includes removing the staff person from contact with the resident or residents, depending upon the allegation. This is required by the Pa. CPSL.

File of Unsubstantiated Resident on Resident Sexual Harassment Allegation
Documentation of staff training as part of the plan of correction

Interviews:

Colony Supervisor/PREA Manager (by telephone one week prior to onsite)
Colony PREA Manager/Unit Director by telephone as part of the plan of correction

The Adelphoi Village PREA policy requires that a staff person monitor retaliation of anyone who reports an incident of sexual abuse or sexual harassment or who cooperates in the investigation. The staff person charged with monitoring retaliation at Colony is the Supervisor/PREA Manager and he states that he plays a fairly significant role in retaliation monitoring, which includes training staff about retaliation and professional conduct. He states that he would monitor retaliation against a resident or staff by contacting them immediately and telling them if they receive any threats from anyone they are to contact him immediately. He also states that he would do a status check weekly and for length of stay, which may exceed the 90 day requirement in policy. He would monitor behavioral changes in residents, including bullying and disrespecting resident belongings. He would also look at staff interaction.

The PREA Manager stated that anytime there is a report of sexual abuse, whether it is resident on resident or staff on resident, the Pa. 3800 child care regulations require a safety plan which includes separation of the alleged perpetrator and victim. This could include changing a staff's work assignment or suspension. It could include moving the child's room or even moving someone to a different Adelphoi facility and heightened surveillance and observation. He says this is done immediately.

Although there was a safety plan implemented for the victim and perpetrator as required by regulation, the safety plan does not specifically document retaliation monitoring. Safety plans require that staff document on each shift any risks or needs of a child and this is being done. However, the Supervisor/PREA Manager is not documenting this monitoring and there is no documentation that this is being done for 90 days.

This standard has not been met. There is a need for corrective action. The PREA Coordinator submitted the following plan of correction with timeline:

Training

- VP of Residential Services, along with the PREA Coordinator and Compliance Caseworker will conduct a training on retaliation monitoring and documentation
- The PREA Managers will take the training back to their shift leaders and review.
- PREA Manager will monitor retaliation against AND from
 - Sexually abused or harassed client
 - Reporting client
 - Staff

Documentation

- Revise the Alleged Abuse and Sexual Assault checklist
- Revise Sexual Allegation Incident Review form
- Create Retaliation log
- When a PREA Manager has a report related to PREA, during their initial call to the Program Director, the Program Director will remind the PREA Manager document retaliation monitoring (also included on the Alleged Abuse and Sexual Assault Checklist)
- The Retaliation log will be submitted and tracked on the Sexual Incident Allegation Review Team Meeting
- If the client moves within AV residential units, the receiving unit PREA Manager will complete the documentations and provide to the PREA Coordinator

Data

- The PREA Coordinator will provide the PREA Auditor with the training logs of the PREA Managers and shift leaders
- The PREA Auditor will conduct telephone interviews of each PREA Manager to ensure transfer of learning of the training material and revised forms

Completion Dates

- Forms created and revised by August 15, 2018
 - Training will be completed August 31 for PREA Managers and September 15 for shift leaders
- During this training period, the PREA Coordinator and Compliance Caseworker will ensure the services are offered

The PREA Auditor will review documentation of training and will interview the PREA Manager to ensure transfer of learning. If there has been another allegation of sexual abuse or sexual harassment during this time period, documentation of retaliation monitoring will be submitted.

On 10-16-18, documentation of training was received and reviewed by the Auditor. On 10-22-18, a telephone interview was conducted with the PREA Manager/Unit Director. He discussed the policy and procedure and the new Retaliation Monitoring Form that has been developed and implemented.

There have been no incidents at Colony since the July Audit.

Interviews and documentation satisfy the plan of correction and demonstrate compliance with the standard.

PREA Manager/Colony Supervisor (by telephone one week prior to onsite)

The PREA Policy contains all necessary verbiage and provisions, however most of the sub-standards are the jurisdiction of the investigating agency, the Pa. State Police, with whom the facility has an MOU. The agency has provided investigation training for some staff to aid them in understanding investigations, but they do NOT conduct investigations. The facility does not conduct criminal or administrative investigations for sexual abuse allegations. Reports are made to law enforcement and Pa. Child Line. By law, the facility may not conduct or interfere with an investigation. Both the PREA Coordinator and the PREA Manager/Supervisor state that they have a very cooperative working relationship with the Pa. State Police.

The facility would gather enough information to report and to institute a safety plan as required by the Pa. 3800 child care regulations and the Adelphoi Village Coordinated Response and would conduct an incident review after the investigation was completed.

By law, the facility reports all allegations, even if the victim has recanted. All reports, whether by a resident or staff, are reported. All allegations, even if a staff person is no longer employed at the facility, are reported.

A review of the Unsubstantiated Resident on Resident Sexual Harassment file shows that the Pa. Department of Human Services and the Pa. State Police were advised in a timely manner of the allegation. There were no sexual abuse allegations. In this case, Pa. DHS did not investigate. Adelphoi conducted an SAIR with this finding. I saw documentation of the above.

All files are kept securely for the prescribed amount of time.

The PREA Policy requires the facility to notify the resident and the parent/guardian of the status of the report and who it is reported to. The required Safety Plan, under the Pa. 3800 Child Care regulations, describes how the victim and other residents will be kept separate from the staff alleged to have committed the abuse. The Director stated that the resident would be continually informed as to the ongoing status of the investigation and its outcome, whether it was resident on resident or staff on resident.

The HCSIS reports (an acronym for a Pa. DHS required reporting form) show documentation that the parent/guardian, court, etc. are notified of the initial incident and the safety plan within 24 hours of the report. I saw HCSIS reports for both allegations. If Pa. DHS investigates the allegation, they will notify the resident, parent and facility of the outcome. Pa. DHS only investigates the Staff on resident sexual abuse or sexual harassment allegations. Resident on resident allegations are reported to the Pa. State Police. The PSP conduct the investigation and the facility contacts the police for status updates and outcome, so they can advise the residents and conduct a Sexual Abuse Incident Review. This has sometimes required repeated calls to the PSP.

There were no allegations that required notification.

There is no need for corrective action. This standard has been met.

DISCIPLINE

Standard 115.376: Disciplinary sanctions for staff

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.376 (a)

- Are staff subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies? Yes No

115.376 (b)

- Is termination the presumptive disciplinary sanction for staff who have engaged in sexual abuse? Yes No

115.376 (c)

- Are disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories? Yes No

115.376 (d)

- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Law enforcement agencies (unless the activity was clearly not criminal)? Yes No
- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Relevant licensing bodies? Yes No

Vice President of Residential Services (3 weeks prior to onsite)

There have been no incidents within the past twelve months that have required staff discipline for sexual abuse or sexual harassment.

The policy includes all provisions including discipline commensurate with the nature and severity of the incident. Termination is the presumptive discipline for a founded Child Abuse. A staff person may have no contact with children if they have an indicated or founded Child Abuse report. All acts that are criminal in nature are reported, even if a staff person resigns or is no longer employed.

This standard has been met and needs no corrective action

Standard 115.377: Corrective action for contractors and volunteers

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.377 (a)

- Is any contractor or volunteer who engages in sexual abuse prohibited from contact with residents? Yes No
- Is any contractor or volunteer who engages in sexual abuse reported to: Law enforcement agencies (unless the activity was clearly not criminal)? Yes No
- Is any contractor or volunteer who engages in sexual abuse reported to: Relevant licensing bodies? Yes No

115.377 (b)

- In the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer, does the facility take appropriate remedial measures, and consider whether to prohibit further contact with residents? Yes No

Vice President of Residential Services (3 weeks prior to onsite)

There have been no incidents of this nature in the past twelve months. There were no volunteers at any Adelphoi facility, including Colony, at the time of the Audit.

Both the PREA Policy and the Pa CPSL prohibit contact with residents if a contractor or volunteer has a founded or indicated child abuse. The Vice President states that he would prohibit a volunteer or contractor from entering the facility if they violated the facility zero tolerance policy. If the incident rose to a criminal level, it would be reported to Pa. Child Line and law enforcement. He also states he would contact the contractor or volunteer's agency.

The policy and the interview confirm that this standard is met. No corrective action is needed

Standard 115.378: Interventions and disciplinary sanctions for residents

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.378 (a)

- Following an administrative finding that a resident engaged in resident-on-resident sexual abuse, or following a criminal finding of guilt for resident-on-resident sexual abuse, may residents be subject to disciplinary sanctions only pursuant to a formal disciplinary process?
 Yes No

115.378 (b)

- Are disciplinary sanctions commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories? Yes No
- In the event a disciplinary sanction results in the isolation of a resident, does the agency ensure the resident is not denied daily large-muscle exercise? Yes No
- In the event a disciplinary sanction results in the isolation of a resident, does the agency ensure the resident is not denied access to any legally required educational programming or special education services? Yes No
- In the event a disciplinary sanction results in the isolation of a resident, does the agency ensure the resident receives daily visits from a medical or mental health care clinician? Yes No

- In the event a disciplinary sanction results in the isolation of a resident, does the resident also have access to other programs and work opportunities to the extent possible? Yes No

115.378 (c)

- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether a resident's mental disabilities or mental illness contributed to his or her behavior? Yes No

115.378 (d)

- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to offer the offending resident participation in such interventions? Yes No
- If the agency requires participation in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives, does it always refrain from requiring such participation as a condition to accessing general programming or education? Yes No

115.378 (e)

- Does the agency discipline a resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact? Yes No

115.378 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation? Yes No

115.378 (g)

- Does the agency always refrain from considering non-coercive sexual activity between residents to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between residents.)
 Yes No NA

- Pa. Department of Human Services 3800 Child Care regulations.

Interviews:

- Vice President of Residential Services (3 weeks prior to onsite)
- Mental Health Therapist

There have been no incidents of resident discipline for violation of the Zero Tolerance Policy in the past twelve months. The PREA Policy requires a formal disciplinary process for any child in violation of the agency's zero tolerance policy. The facility prohibits any sexual activity between residents or between residents and staff. The Pa. Department of Human Services 3800 Child Care regulations prohibits sexual activity between residents, however, if it is consensual, it is not reported as sexual abuse.

Any report made by a resident in good faith cannot be disciplined according to PREA Policy and the Pa. CPSL.

The PREA policy prohibits discipline of a resident for sexual activity with a staff person, unless the staff person did not consent.

The Vice President states that the only sanctions for a violation of the policy are reduction in level. Isolation is prohibited by regulation. No other discipline is allowed and he states that age, mental illness or disability would be taken into account on a case by case basis for all residents.

The Mental Health Therapist states that counseling would be offered to both the victim and the perpetrator, but it is voluntary and a resident would not be prohibited from program or educational participation. However, a resident is court committed to Adelphoi for therapy and may be removed by the committing agency if they refuse to participate.

There was one unsubstantiated incident of resident on resident sexual harassment. A review of the file showed Safety Plans for both the Victim and Perpetrator with no mention of discipline.

This standard has been met. There is no corrective action required.

MEDICAL AND MENTAL CARE

Standard 115.381: Medical and mental health screenings; history of sexual abuse

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.381 (a)

- If the screening pursuant to § 115.341 indicates that a resident has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, do staff ensure that the resident is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening? Yes No

115.381 (b)

- If the screening pursuant to § 115.341 indicates that a resident has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, do staff ensure that the resident is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening? Yes No

115.381 (c)

- Is any information related to sexual victimization or abusiveness that occurred in an institutional setting strictly limited to medical and mental health practitioners and other staff as necessary to inform treatment plans and security management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law? Yes No

115.381 (d)

- Do medical and mental health practitioners obtain informed consent from residents before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the resident is under the age of 18? Yes No

- Colony Supervisor/PREA Manager (by telephone one week prior to onsite)
- Mental Health Therapist
- Nurse
- Ten random residents

The policy requires Medical or Mental health follow up within 14 days of disclosure for any resident who discloses a prior sexual abuse. The policy also requires a mental health follow up by a mental health professional for any resident who has previously perpetrated a sexual abuse. This is documented on the VAI, which is kept in the Electronic Health Record. If a resident refuses, there is a signed declination on the Risk Assessment. There are no Medical or Mental Health staff at Colony. Medical treatment, including physicals are obtained in the community. All Colony residents receive a physical within 72 hours of admission. Colony staff transport children for medical appointments. Mental Health treatment/assessment is also received at a community provider located on the Adelphoi campus. If the community provider (Primary Health Network) is unable to conduct an assessment within 14 days, an Adelphoi Mental Health CW, assigned to another facility, will complete the required assessment.

In the review of a discharged resident's file, she was identified as a sexual predator. There was documentation that she refused an assessment. Four residents in the current population disclosed prior victimizations, but refused treatment. One girl stated that she had received treatment for her victimization while at another Adelphoi facility before she was transferred to Colony and that is why she declined. One discharged resident disclosed a prior victimization and there was documentation in her file that she accepted a mental health evaluation and received it within 14 days of the risk assessment being conducted.

The Mental Health Caseworker states that she sees an identified child well within the 14 days if the child cannot get an appointment at the community provider (PHN) within that time frame.

Interviews and documentation demonstrate compliance with the standard. There is no corrective action needed

Standard 115.382: Access to emergency medical and mental health services

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.382 (a)

- Do resident victims of sexual abuse receive timely, unimpeded access to emergency medical treatment and crisis intervention services, the nature and scope of which are determined by medical and mental health practitioners according to their professional judgment? Yes No

115.382 (b)

- If no qualified medical or mental health practitioners are on duty at the time a report of recent sexual abuse is made, do staff first responders take preliminary steps to protect the victim pursuant to § 115.362? Yes No
- Do staff first responders immediately notify the appropriate medical and mental health practitioners? Yes No

115.382 (c)

- Are resident victims of sexual abuse offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate? Yes No

115.382 (d)

Eleven Staff

There have been no incidents that have required emergency medical services. The Policy requires that any resident who requires emergency services be taken to Excelsa Health Latrobe for a Forensic Medical Exam. As part of the response, staff would first protect the resident and then immediately notify a supervisor as outlined in the Coordinated Plan. This would be done immediately and would be free of charge to the resident.

This is an all female facility and all residents are offered STD testing and follow up as part of their Health and Safety Assessment at Intake and as part of their physical at a community provider. All legally required pregnancy related services are offered. Interview with the Nurse and the Mental Health Therapist confirmed the policy.

Although there have been no incidents that have required emergency services, the policy is in place and the coordinated response is posted in the staff office.

This standard has been met. There is no need for corrective action

Standard 115.383: Ongoing medical and mental health care for sexual abuse victims and abusers

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.383 (a)

- Does the facility offer medical and mental health evaluation and, as appropriate, treatment to all residents who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility? Yes No

115.383 (b)

- Does the evaluation and treatment of such victims include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody? Yes No

115.383 (c)

- Does the facility provide such victims with medical and mental health services consistent with the community level of care? Yes No

115.383 (d)

- Are resident victims of sexually abusive vaginal penetration while incarcerated offered pregnancy tests? (N/A if all-male facility.) Yes No NA

115.383 (e)

- If pregnancy results from the conduct described in paragraph § 115.383(d), do such victims receive timely and comprehensive information about and timely access to all lawful pregnancy-related medical services? (N/A if all-male facility.) Yes No NA

115.383 (f)

- Are resident victims of sexual abuse while incarcerated offered tests for sexually transmitted infections as medically appropriate? Yes No

115.383 (g)

- Are treatment services provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident? Yes No

115.383 (h)

- Does the facility attempt to conduct a mental health evaluation of all known resident-on-resident abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners? Yes No

115.386 (b)

- Does such review ordinarily occur within 30 days of the conclusion of the investigation? Yes No

115.386 (c)

- Does the review team include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners? Yes No

115.386 (d)

- Does the review team: Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse? Yes No
- Does the review team: Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; gang affiliation; or other group dynamics at the facility? Yes No
- Does the review team: Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse? Yes No
- Does the review team: Assess the adequacy of staffing levels in that area during different shifts? Yes No
- Does the review team: Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff? Yes No
- Does the review team: Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to §§ 115.386(d)(1) - (d)(5), and any recommendations for improvement and submit such report to the facility head and PREA compliance manager? Yes No

115.386 (e)

- Does the facility implement the recommendations for improvement, or document its reasons for not doing so? Yes No

Completed SAIRs for the Resident on Resident Unsubstantiated Sexual Harassment Allegation

Interviews:

Colony Supervisor/PREA Manager (by phone one week prior to onsite)

Quality Assurance Caseworker who is a Member of the Sexual Incident Review Team (3 weeks prior to onsite)

Adelphoi/Colony conduct an SAIR for all PREA related incidents regardless of their outcome. The policy states that an incident review team will convene within 30 days of the completion of the investigation for any substantiated or founded allegation. The team is comprised of the Supervisor/PREA Manager, PREA Coordinator, Quality Assurance Caseworker, Vice President, Program Director, Medical, and Mental Health with input from any other staff person involved. This team will look at any LGBTI identification, gang status or affiliation, other group dynamics, staffing, training, policy and will physically examine where it occurred. The team will complete a report with a recommendation which will be submitted to the PREA Coordinator. The recommendation would be followed or the reason for not doing so would be documented.

The allegation of sexual harassment was reviewed and a SAIR was conducted. As a best practice, if the facility had not been advised of the outcome of the investigation by either the PSP or Pa. DHS, they would conduct an SAIR, so they could look at any changes or improvements that should be made without waiting for the outcome.

I interviewed the Quality Assurance CW during an Audit, three weeks prior to the onsite. She is a permanent member of the SAIR team. She states the team convenes and reviews all the above information. In the case of the unsubstantiated Resident on Resident Sexual Harassment, the SAIR recommendation was for re-evaluation as to when the motion sensors would be activated. It was recommended that they should be activated one half hour sooner, while the girls were in their rooms, but not yet asleep for the night. This was followed through with and documented.

a whole and the Annual Report represents the entire Agency. Data is collected using information from reports and any other resources. There is a report for 2017 that is on the Agency website.

The DOJ has requested information in the past, which has been provided, but not in 2015, 2016, or 2017. In July, the PREA Coordinator received notification from the Department of Justice that Adelphoi Village had been selected for an onsite, in person survey to be conducted during 2018.

There are Annual PREA Reports posted on the website. The most recent report for 2017 has been submitted to the Auditor and is also posted on the website. The PREA Coordinator states that she collects all data and prepares the Annual Report. She prepares an Annual report for the Agency, which includes 23 group homes. The reports will compare data from year to year and will discuss the efforts of the facility at prevention, detection, and response.

All personal identifiers are removed and noted.

Corrective Action is taken on an ongoing basis through the utilization of the Sexual Abuse Incident Review. The aggregated data includes looking at all facilities and any incidents. The COO states there have been an increase in the number of reports and he believes that there are several factors involved. He believes that the children are better educated about Sexual Abuse and Sexual Harassment and are more likely to report. He also believes there are more "bad faith" reports.

One example of preventative action due to aggregated data review is the planned installation of cameras in all facilities.

This standard has been met. There is no need for corrective action.

Colony Supervisor/PREA Manager (by phone one week prior to onsite)

The Annual reports are for the Agency and not the individual Facility. There is a policy which dictates what data and what reports will be posted publicly and that all personal identifiers will be redacted. The website contains Annual PREA Reports for several years, including the most recent report, 2017. It contains the initial PREA Audit from 2015. The policy states that all records will be retained for ten years.

The information is kept on the PREA Coordinator's computer and is on a shared drive for her and the Quality Assurance CW only.

This standard has been met. There is no need for corrective action

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Adelphoi Village has had all its facilities Audited in the first three year cycle and is now having re-Audits completed for 1/3 of its facilities each year as part of the second three year cycle.

Colony was first Audited in June of 2015. This is a re-audit being conducted in the second year of the second three year cycle.

The auditor had access to and toured all areas of the facility on July 16, 2018. All Colony staff and residents were interviewed privately at the Adelphoi Administration building on 7-16,17,18, 2018. Two of the staff interviews were conducted by phone in order to conduct 11 staff interviews. This included the PREA Manager/Program Supervisor, who was on vacation, and a midnight staff who was also on vacation. Several Agency interviews, including the COO, VP of Residential Services, PREA Coordinator, SAIR team member, and Human Resources Director were interviewed 3 weeks prior to this onsite during other Adelphoi Audits.

The Auditor was provided with all reports and documentation that she requested and was able to view the residents' electronic health records.

The dates of the upcoming Audit were posted in the facility six weeks prior to the onsite portion of the Audit along with the Auditor's contact information. There was no correspondence with the Auditor.

This standard has been met. There is no need for corrective action.

Standard 115.403: Audit contents and findings

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.403 (f)

- The agency has published on its agency website, if it has one, or has otherwise made publicly available, all Final Audit Reports within 90 days of issuance by auditor. The review period is for prior audits completed during the past three years PRECEDING THIS AGENCY AUDIT. In the case of single facility agencies, the auditor shall ensure that the facility's last audit report was published. The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or in the case of single facility agencies that there has never been a Final Audit Report issued.) Yes No NA

The Agency posts all Facility Audits on the website within 14 days of the Final Report being submitted to the Agency. The 2015 Colony Audit was posted within this time period and was verified by the Auditor. All other Agency PREA reports have also been posted in a timely fashion. The PREA Coordinator advises the Auditor of the posting and then the Auditor verifies and documents it.

This standard has been met. There is no need for corrective action.

AUDITOR CERTIFICATION

I certify that:

- The contents of this report are accurate to the best of my knowledge.
- No conflict of interest exists with respect to my ability to conduct an audit of the agency under review, and
